## Schedule of Contributions and Charges 2022

Parents will be notified of any contributions and charges expected of them, at least two months before the start of the school year by publication in newsletter and school website.

**Charges** are costs for which payment is compulsory. All charges are to be paid in full by end Term 1, 2022.

- compulsory charges apply to all courses in Years 11 and 12
- there is no maximum charge for Year 11 and 12 courses.

The school will request:

- full payment of course charges for BEST and VASP endorsed programs before commencement of the course.
- a 50% deposit for certificate courses, delivered or auspiced by an external provider, payable by 17 December 2021, with the balance payable by 31 January 2022. The school subsidises \$1000 course fee plus \$350 amenities fee if auspiced by Bunbury Regional Trade Training Centre (BRTTC).

These courses have a high cost component and participation in these courses is conditional on payment.

**Contributions** are requested from parents towards the cost of materials, services and facilities used by Year 7 to Year 10 students in the educational program. Payment of voluntary contributions allows students to take part in the educational activities covered by the contribution. The amount of voluntary contributions will not exceed \$235.

**Voluntary Additional Requests** include financial support for P&C, chaplain and library.

**Extra cost optional components** are voluntary courses and activities. A student's participation in an extra cost optional component is conditional on payment of the costs of that component. Extra cost options include:

- optional courses in Years 7 to 10 which have a high cost associated with their provision (for example outdoor education, design and technology courses).
- optional activities in any course for which there is a high cost associated with their provision (for example excursions [including camps], visiting performers or displays). This category includes options within a course of study where higher cost materials may be chosen.
- other optional school-based activities which address broad learning outcomes for which there is a high cost (for example school social events, such as graduation dinners or school balls, or excursions).

**Vocational Education and Training (VET)** fee-for-service courses is a qualification, including training and assessment, that is delivered or auspiced by an external Registered Training Organisation (RTO), usually at significant per student cost. The school subsidises \$1000 course fees and \$350 amenities fee.
